Sundance KoolFab®

Cool comfort, hot style

Our best-selling Sundance range now offers enhanced performance with built-in KoolFab® technology for a more enjoyable seating experience. Traditionally designed in lighter colours to avoid overheating, outdoor upholstery fabrics can now be selected in modern, darker and brighter hues thanks to KoolFab® infrared (IR) reflective technology. By reflecting the sun's rays instead of absorbing them, KoolFab® keeps surfaces cool, offering comfort without sacrificing style or sustainability thanks to a 100% recycled polyester backing diverting 12 PET bottle from landfill.

**AVAILABLE FROM
STOCK IN EUROPE**

DEVELOPED AND MADE
IN CANADA.
